

## Cisco AnyConnect Mobility Client

Once you are certain that Access Management has granted you access to use our VPN, you connect to the UCM network with the **Cisco AnyConnect Secure Mobility Client**. You will need to download and install it upon first use and then you use it locally for all subsequent connections.

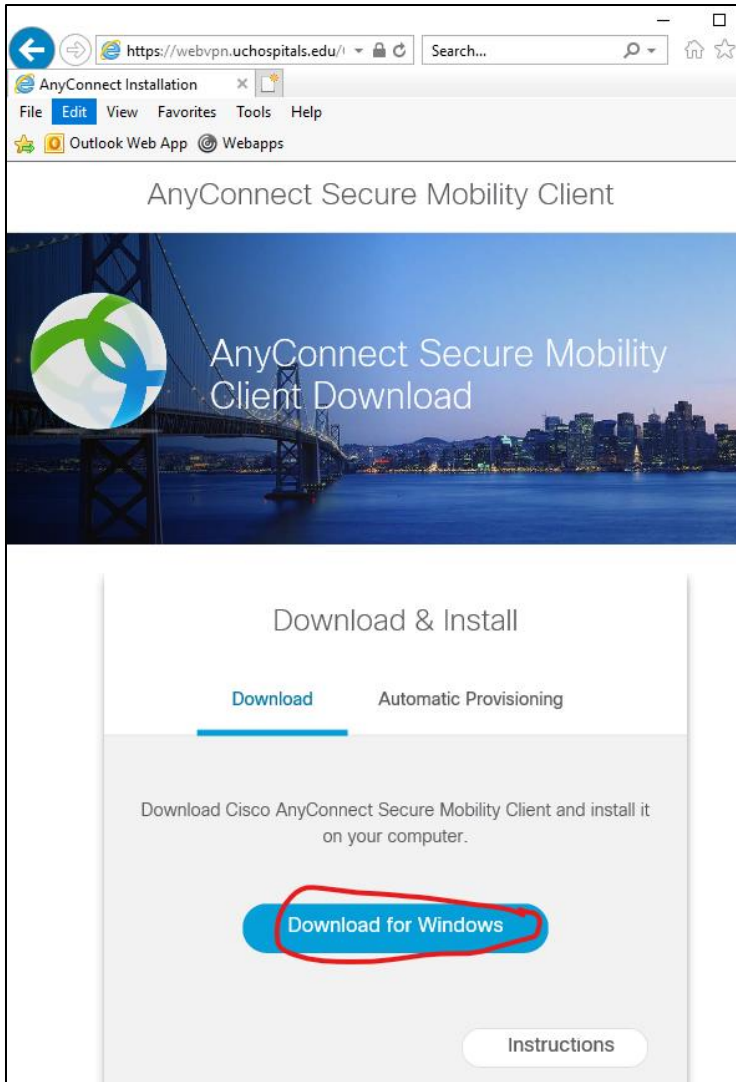

- 1.) Open a browser window and go to: **https://webvpn.uchospitals.edu**.
- 2.) Enter your **UCHAD credentials** and click **Login**. Without prompting, the device that you have registered with Duo will request authorization for this login. Click **Approve** on your device.

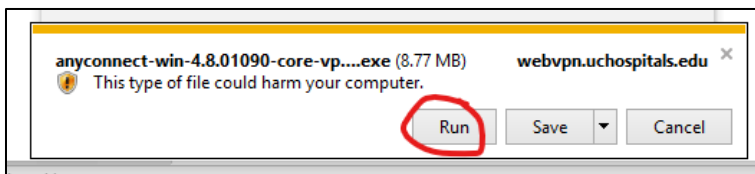

- 3.) You will receive this prompt. Click **Continue**.

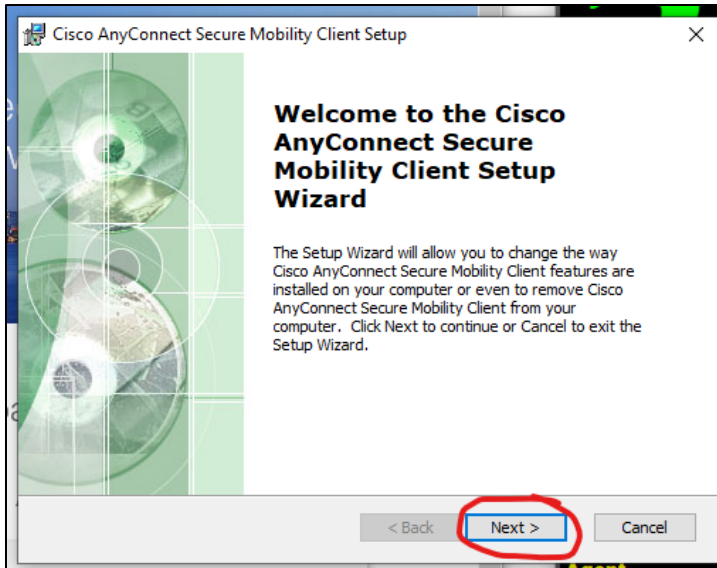

- 4.) Click **Download for Windows** on the next page.

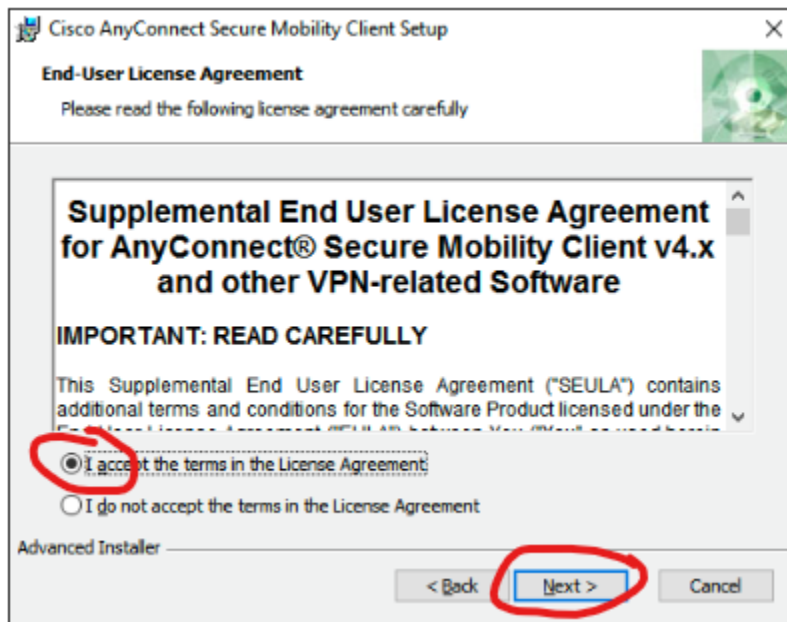

5.) Click **Run** on the prompt that appears at the bottom of the page.

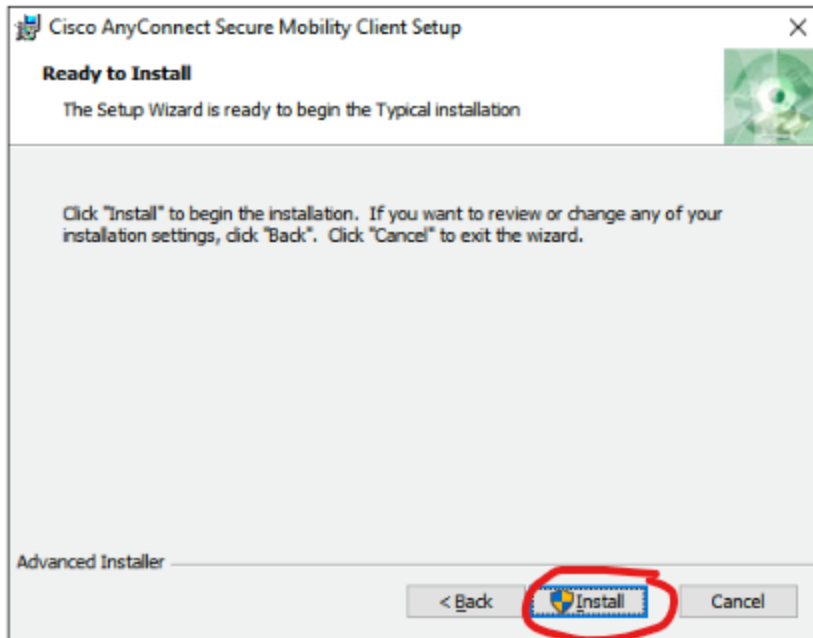

6.) Click the **Next>** button.

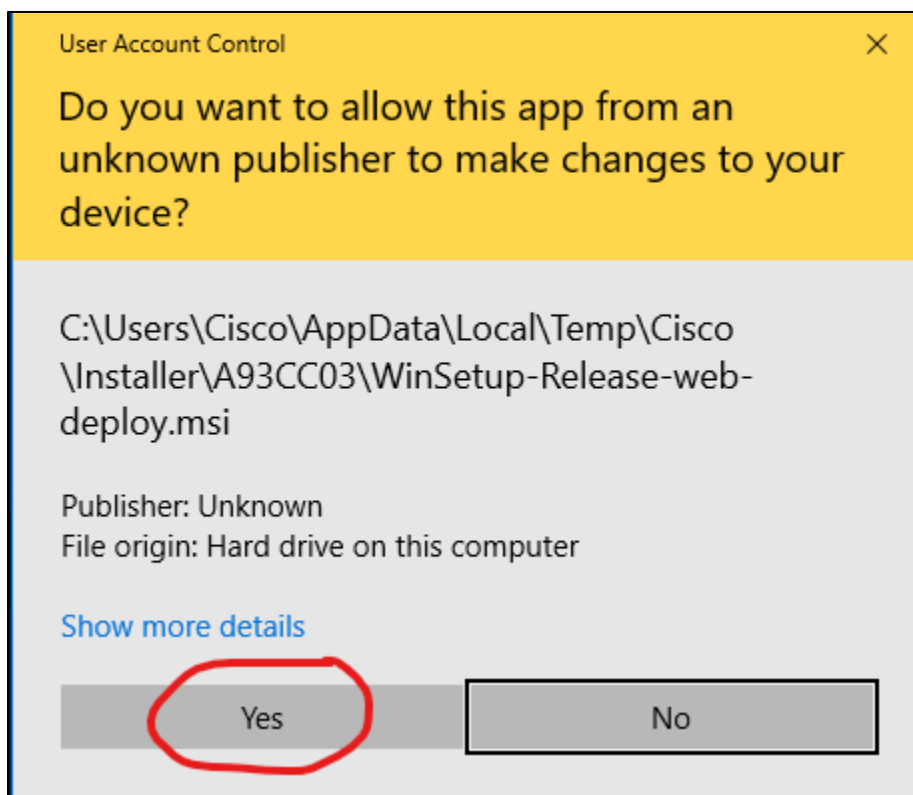

- 7.) Check the "I accept the terms in the License Agreement" radio button and click **Next>**.

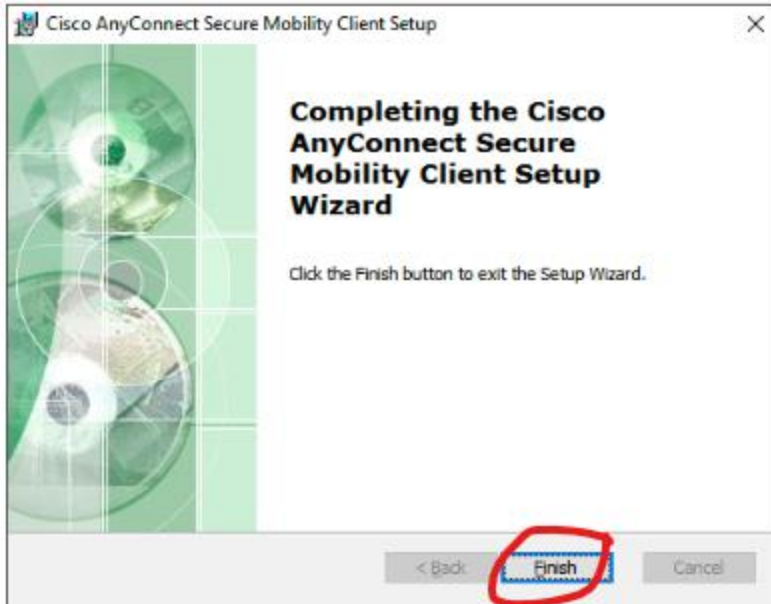

- 8.) Click the **Install** button.

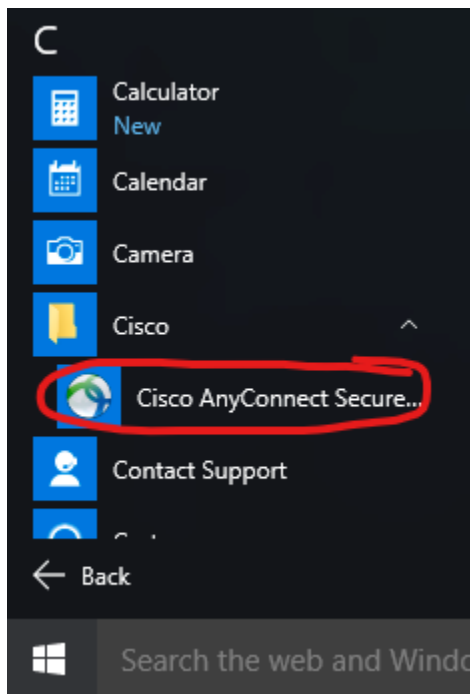

9.) Click the Yes button.

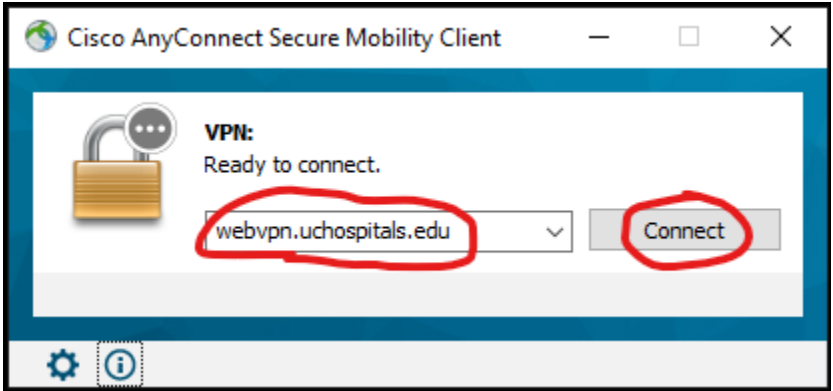

10.) Click the **Finish** button.

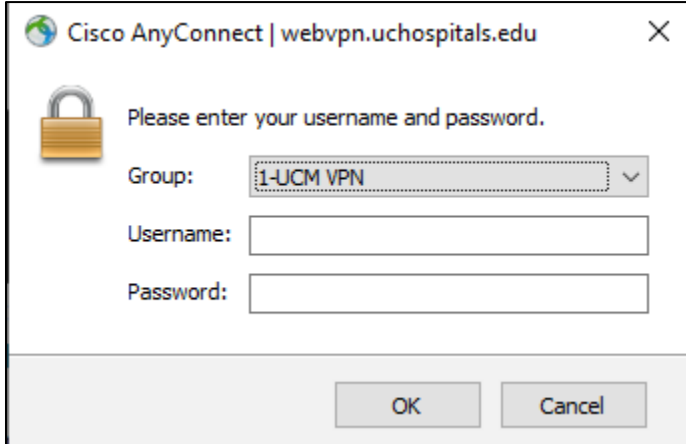

11.) Launch the application by clicking the "Start" button and navigating to the Cisco folder and the Cisco AnyConnect Secure Mobility Client application.

12.) If it not already pre-populated with the address, put [webvpn.uchospitals.edu](http://webvpn.uchospitals.edu) in the drop down field and click **Connect**.

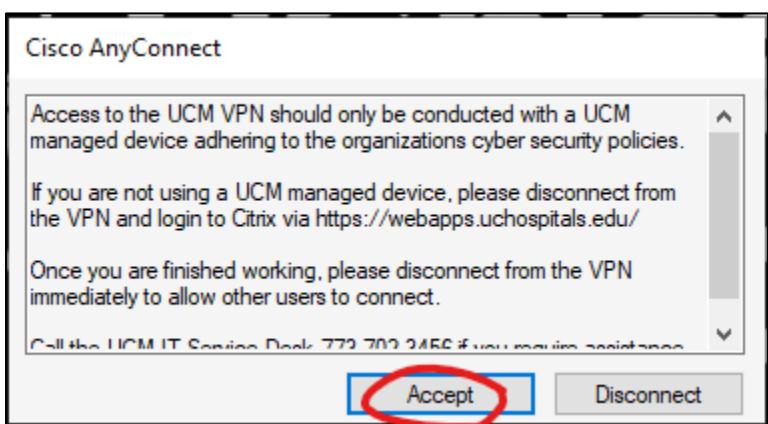

13.) The **Group** field should already have “1-UCM VPN” selected. Enter your **UCHAD credentials** in the respective **Username:** and **Password:** fields.

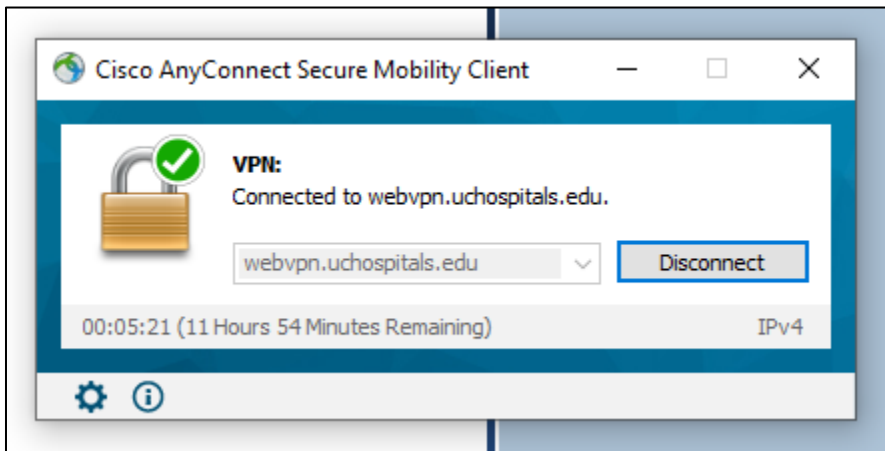

14.) Click **OK**. Without prompting, the device that you have registered with Duo will request authorization for this login. Click **Approve** on your device.

15.) This prompt will appear. Click **Accept**.

- 16.) This window will then appear stating that you are “**Connected to webvpn.uchospitals.edu**”. Your connection to the UCM network will continue for a maximum of 12 hours before it will require you to reconnect.

### For Further Support

The **UCMIT Service Desk** is available to provide technical assistance with these processes 24x7. Call **(773) 702-3456** or email [ucmitservicedesk@uchospitals.edu](mailto:ucmitservicedesk@uchospitals.edu) for support.
