Connect devices to your home Wi-Fi

Want to connect your smartphone, tablet, entertainment equipment, or other Wi-Fi capable devices to your home network? We can help with that.

⭐ INSTRUCTIONS & INFO

Connect to Wi-Fi

Make sure you have your Wi-Fi® network name and password handy before getting started. Don't know your Wi-Fi info? Get help finding it

Most Wi-Fi enabled devices take just a few steps to connect:

1. Make sure the Wi-Fi on your device is turned On.
2. Select your Wi-Fi network name from the device's wireless settings.
3. Enter your Wi-Fi password when prompted.

Connect smart devices

Whether you’re streaming from your TV, playing games, or reading a good book, learn how to connected to:

- Game systems
- Media players
