

Charcoal Grilling Policy (8/2018)

These policies should serve as a general outline of the policies for groups grilling with charcoal grills on the university quads and courtyards.

GRILL CLEANING

- Groups renting charcoal grills through the Student Centers are responsible for cleaning the grill bed before returning it to Student Centers Staff. This includes disposing of any charcoal, tin foil, and remaining debris.
- Charcoal should be dumped into the metal can provided by Student Centers staff. Any additional trash should be disposed of in a different trash receptacle.
- Once charcoal has been placed in the charcoal tin, the tin should be returned to the Hutchinson Courtyard and placed in the woodchip area marked on the attached map. **Charcoal should NOT be placed in the dumpsters.**

GENERAL GRILL SAFETY

- Trash should never be disposed of in the charcoal-designated can.
- Do not pour water onto the coals, as it could create dangerously hot steam.

CONTACT

- If your RSO or Department has any questions about grilling or grill safety, contact the Student Centers team at 773-251-1329.

Student Centers staff member: _____

Date: _____

I, the undersigned, on behalf of my RSO or Department, have read this policy and understand the important of grill safety. I also understand that any damage to property as a result of failing to follow any of the policies outlined here could result in additional charges paid by my group.
