There are also several lecture series at the University of Chicago and other institutions that archive their lectures. You can listen to archived lectures that interest you and count them toward your GPHAP electives. See the Announcements section for links to archived lectures.

The available RA-ship descriptions will be circulated via e-mail this week with instructions for how to apply for them.

### GPHAP Canvas Site

New students have been given access to the GPHAP canvas site. All the GPHAP co-curriculars are listed as "assignments." Upload your co-curriculars and get started on fulfilling your GPHAP requirements. Full-time students should plan on doing three co-curriculars this quarter.
