Spotlight: Blood and Platelet Donations Needed

The pandemic has put tremendous strain on blood supply, and the UChicago Medical Center is looking for more blood and platelet donors. Heightened safety precautions require appointments to be scheduled in advance: (773) 702-6247.

Do not donate blood if in the past 28 days you have:

- lived with individuals diagnosed with or suspected of having COVID-19 infection.
- been diagnosed with or suspected of having COVID-19 infection.

When you call in advance, the medical staff can assess if you would be eligible to donate and provide more information.
