CGH Meet & Greet

Drs. Funmi and Sola Olopade and the staff of the Center for Global Health invite GPHAP students who are interested in global health to join them for a Zoom call on Monday, Oct 19. All are welcome! Come to join with other students interested in global health and to learn more about the global health work at the University of Chicago. We hope the global health track students will join the call, but we know many students are interested in global health, so come one, come all, even if not on the global health track of GPHAP.

Click on these links to learn more about the UChicago Center for Global Health and to see profiles for Drs. Funmi and Sola Olopade.

When: Monday, October 19 4-5PM. No RSVP Needed.

UoF Center for Global Health is inviting you to a scheduled Zoom meeting.

GPHAP Student Profiles

Please add / update your profiles in the following slide deck so we can get to know a bit about the members of our GPHAP community! 2020 Student Profiles. Beverly included her profile as a sample. Please fill out your profile by Oct 21 if possible. Check the Modules section on the GPHAP Canvas site for profiles of other 2nd year students!

Topic: CGH Meet & Greet  
Time: Oct 19, 2020 04:00 PM Central Time (US and Canada)  
Join Zoom Meeting  
https://ucmedicinegroup.zoom.us/j/97173015930?pwd=Z0Uwc0VRRk9IVXBHUHN3dUdMN0hDdz09  
Meeting ID: 971 7301 5930  
Passcode: CGH@2020

Student Spotlight – Allison Mobley

Meet Allison Mobley a second medical student and GPHAP Quern Fellow! This past summer, with the support of the Quern fellowship Allison worked with Youth with a Mission Medical Ships, an organization based in Townsville, Australia that does health and community development work in Papua New Guinea (PNG) through partnership with the Papua New Guinean government. She worked on a real-time evaluation of their ophthalmic care program with a focus on gender equity. Here is a brief video on their work!

They provide cataract surgery to some of the most remote parts of PNG through their unique model of surgery onboard a ship. It is an entirely volunteer run organization with limited capacity for internal research. She was a catalyst for this evaluation project and because of her work, a full-time position has be created for cataract surgery outcome monitoring.

This experience deepened her understanding of the importance of monitoring and evaluation/continous quality improvement focused work and elucidated the role a physician can have on such a team. She plans on pursuing this line of research at UChicago and is greatful for the support of the Quern Fellowship in making this experience possible!

Allison also recently wrote an op-ed with Dr. Shikha Jain and Dr. Vineet Arora that was featured in the U.S. News and World Report on COVID-19. She's doing big things!

Opportunities

See more on voting at https://www.uchivotes.com/

GPHAP Student Spotlight

If you have an experience or story to share, please reach out to Beverly Kyalwazi at bkyalwazi1@uchicago.edu. There is so much great work being done by individuals in this community. We would love to hear about it!
UCLA Center for Healthcare Management Case Competition: "Student teams (up to four members) from around the world are challenged to provide solutions and recommendations to a real-time, real-world management challenge faced by a Southern California healthcare system."
Registration closes Thurs November 12. Total prize money to be awarded: $30,000.
Learn more about the competition [HERE](https://myssa.uchicago.edu/News/GPHAP/243)

EqualHealth's Global Social Medicine Summit Virtual Conference: Building Community, Critical Consciousness and a Movement for Health Equity October 15 – 18 [Register Here](https://myssa.uchicago.edu/News/GPHAP/243)

This year's Global Social Medicine Summit will:
- build power & deepen relationships across borders in a turbulent moment of pandemic, authoritarianism, racial capitalism, and uprising
- inspire transnational solidarity, healing, and radical imagination;
- center anti-blackness and racism against indigenous people as root causes of oppression, and see dismantling them as antidotes to health inequities.
