### Call for Proposals: Quern Fellowship

The Quern Fellowship application deadline has been extended to [Friday, April 16, 2021](#).
The application process is a two-part process. 1) Letter of Intent where you tell us your idea, and then 2) If invited, you would prepare a Part 2 where you go into more detail and provide a Letter of Recommendation.

If you want to learn more about the experience of last summer’s Quern Fellows, here is the link to the Erikson and Quern Fellowship information session.

### GPHAP Calendar

Subscribe to the GPHAP [iCal](#) to keep up-to-date with all the latest seminars and opportunities available to students!
“Risky Business is a unique conference with a simple premise: Learn from thought leaders in other industries and high-risk endeavors to improve the quality and safety of health care. This is more critical now than ever, at a time when nearly every industry has had to adapt and innovate due to COVID-19. Their stories are sure to inspire and spark meaningful conversations about how to move forward.”

“This event is a collaboration of the Betsy Lehman Center for Patient Safety, Boston Children’s Hospital, and CRICO: The Risk Management Foundation of the Harvard Medical Institutions, in partnership with Dana Farber Cancer Institute, Massachusetts General Hospital, Massachusetts Health & Hospital Association, and Massachusetts Medical Society.”

Thurs. April 29th 5:30–7:00PM CT  – RSVP HERE
Social Change in Practice by Camara Phyllis Jones, MD PhD
Epidemics of Injustice is a course that is free and open to the public. Each course meeting takes place from 5:30 – 7:00 p.m. CT. Sign up for as many lectures and action labs as you would like. Please note action labs generally require collaborative activity for the entire 90 minute session.

“The Minority Health Conference is a yearly gathering where professionals and students from allied health fields come together to uncover and focus on eliminating the health challenges encountered by marginalized populations. This conference seeks not only to shed light
on health inequities that persist in marginalized communities, but to also build a task force of emerging leaders and professionals to address these issues at the local, regional, and national levels.”
