Dr. Keith R. Yamamoto is Vice Chancellor for Science Policy and Strategy, Director of Precision Medicine, and Professor of Cellular and Molecular Pharmacology at UCSF. He has led or served on numerous national committees focused on public and scientific policy, public understanding and support of biological research, and science education. Dr. Yamamoto recently served on the National Academy of Sciences Committee on Revitalizing Graduate STEM Education for the 21st Century. He has chaired or served on many committees that oversee training and the biomedical workforce, research funding, and the process of peer review and the policies that govern it at NIH.
