

U.S. EPA Workshop

Thursday June 7th from 6pm to 8PM

SETF Office

Bring your questions and come learn from representatives of EPA's Environmental Justice (EJ) program!

EJSCREEN: Environmental Justice Screening and Mapping Tool

Learn to use this web-based tool to access reports about environmental indicators and potential sources of exposure to environmental pollutants. Access maps without the need to install software.

Community-Focused Exposure and Risk Screening Tool (C-FERST) and EnviroAtlas

Learn to access resources that can be used to help identify and learn more about environmental health issues and explore exposure and risk reduction options.

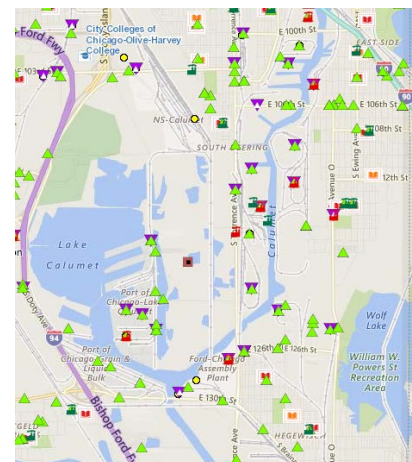

Refreshments will be served.
