

# 7TH ANNUAL DELAWARE RIVER WATERSHED FORUM

## OCTOBER 16-17, 2019

### ALLENTOWN, PA

The Delaware River Watershed Forum brings together organizations and individuals spanning PA, NY, NJ, and DE. The Forum allows for collaboration among those working on environmental conservation and policy; and provides professional development opportunities.

Workshops and speakers will focus on topics such as water quality, agriculture, community engagement, and environmental policy. Field trips include a bike ride along the Lehigh River, a tour of Blue Mountain superfund restoration, a Delaware River Film Festival, and a Musconetcong River restoration tour.
