

WOMS Student Council

2018 Christmas Community Service Project

The WOMS Student Council is partnering with the Community Partners for Children nonprofit organization to make a difference in the lives of children through the Brown Bag project.

Who will benefit from your contribution?

Community Partners for Children is a nonprofit organization that aids Child Protective Services (CPS). It is an emergency resource center that is supplied through community donations to provide essentials such as diapers, clothing, car seats, pack-n-plays, school supplies, toys, and hygiene items when there is CPS intervention and/or removal of a child from their home. In addition, cleaning supplies and personal health aids are furnished to families in crisis to ensure a healthy environment for the children. CPS caseworkers have 24-hour access to obtain necessary items for children. The Rainbow Room relies solely on donations, grants and fundraisers to keep this room stocked and functional. The need is ongoing and a simple act of kindness makes all the difference to children who are in need of help. Please join us in making a difference!
