August 27, 2021

Parents,

We are currently experiencing a large number of student absences due to illness. In addition to the current Covid Mitigation and Safety Procedures we already have in place we will implement additional Covid Mitigation and Safety Procedures starting September 1st. Please visit [woisd.net](http://woisd.net) and click on the link labeled COVID Dashboard to view COVID related information and active cases within our district.

- We will continue contacting possible close contacts of positive Covid cases. We will also email parents through Skyward Messenger about COVID cases within your child's classroom(s)/ grade levels.
- We are adjusting lunch times and locations. Some grade levels and classes will eat lunch in their classrooms and some will eat in the cafeteria. This will allow us to implement social distancing during meal times.
- At this time we will **NOT** be able to allow parent visitors during lunch time. We will continue to reevaluate this throughout the year.
- Parents, we need your help at dismissal time. Primary and Intermediate students dismiss at the same time. This creates very large groups of students in the areas of bus and car dismissal. We are strongly encouraging parents to send a mask for your student to wear during the times of car and bus dismissal. If you would like your child to wear a mask during these times please send a mask in their backpack for them to put on during dismissal time.
- Primary and Intermediate Administration have worked hard to create a synchronous online learning option for students quarantined due to COVID-19. If your child is quarantined due to contracting COVID-19 or due to being a close contact of someone with COVID-19, we will send a conferencing link to you so that your child can join our virtual classroom for two hours each day and complete work sent to them by their teacher.
- Additional clear acrylic dividers have been ordered to place on student desks/tables.
- Please continue to self-screen students daily; keep your child home if they are ill. We encourage parents to quarantine their students if they are a close contact and if there are any positive covid cases within the household.

Thank you for your continued support,

Shane Wright and Stephanie Bradley
