

2021 Math Summer Reading Seniors

Mathematics for Human Flourishing
Francis Su

1) The math summer assignment is due before 8:00 pm on Sunday August 22, 2021. Upload your assignment to the 2020.2021 Math Canvas website. Please upload a pdf document.

2) Each student must submit a reflection essay discussing your impression of the book. You can comment on the author's writing style, attitude toward math, a topic, problem, or virtue you found interesting. There are wonderful questions to consider in the back of the book, starting on page #232, if you are looking for inspiration. The reflection should average between 500-750 words (roughly 1 to 1.5 pages).

Mr. Regele
