      i. **Purpose of Funds**
         1. The club plays African percussion instruments and are a diverse organization by bringing African culture to campus through music. They hold concerts for campus and for the public. They are requesting funds from their performances in C term and equipment. Their performances were on 2/9, 2/13, and 2/16. Most of the funds are for paying their lead instructor.
         2. They made a Funding Request in A-Term for performances that have happened in the past and believed that this would be a precedent set.
         3. They understand the current bylaw against reimbursements, and hope Senate can make an exception
      ii. **Questions**
         1. Senator Starr asked if funds were given to the instructor for practices. The representatives answered saying that they are budgeted a certain number of events, and they submit funding requests for the instructor.
         2. Senator Bradley asked if they knew how many drumsticks they are asking for. The representatives said that the instructor buys the drumsticks in bulk, with the bulk amount costing $150. The organization does need to request sticks often. Senator Gruner-Mitchell asked how often the drums need to be repaired. The representatives answered that the drums do not need to be repaired often. However, two drums are in need of repair so they can continue to be used.
         3. Senator Bradley also asked how the number of $278 per performance was calculated. The representatives said that this was costs made by the instructor.
         4. Senator Charles asked how far in advance the organization knows when their gigs will be. The representatives answered that they may not know if/when performances will happen until as late as the day before the performance.

iii. Discussion

1. Questions and Points of Information:
   - Senator Silvia asked if they are allowed to have gigs before requesting for funds?
     i. Treasurer Candy read the SGA bylaws stating that reimbursements are considered as any form of event where payment is promised.
   - Chair LaJeunesse clarified that Financial Board asks clubs to submit funding requests for repairs.
   - Senator Starr asked why the original decision was denied.
     i. Treasurer Candy clarified that the request was denied due to the reimbursement bylaw.
     ii. Chair Bimonte clarified that approving the repairs would not be breaking the bylaw.
   - Chair Hager stated that we have established this precedent in the past, and that is the reason why
   - Chair Racca clarified that this may not be a precedent of this Financial Board as this was from a previous Financial Board
   - Senator Bradley asked if they ever get funding for this in the budget.
     i. Their budget only contains money for paying the instructor.
   - Chair Bimonte motioned to amend the request to not include the cost of the gigs that have already happened.

i. Questions and Points of Information:
   - Senator Stabile asked what SGA planned to do to assist this organization with this payment?
     a. Treasurer Candy stated that the bylaw was made to prevent pressure from reimbursements. This bylaw is to prevent the situation that African Percussion is presenting.

The Mission of SGA is to improve the quality of undergraduate student life at the University both academically and socially by addressing student needs and concerns, providing financial structure of WPI's student clubs and organizations, and representing the student body in a professional manner.
Chair LaJeunesse stated that SGA is not the only source of money on campus, and they could reach out for other funding. We can suggest alternative funding methods.

Senator Gruner-Mitchell asked if this point was made after the first request. Chair Racca stated that the previous Financial Board did not notice the error.

Senator Silvia asked if they had a copy of SGA Bylaws to know that this request would go against bylaws. Treasurer Candy stated that the club knowingly checks a box stating that the organization will abide by the bylaws of SGA.

Senator Bradley said we should be looking at this as a musical society, and that gigs are not always able to be planned very far in the future.

Senator Charles asked, since they expect 4 gigs per term, if they could request for those gigs before they happen. Treasurer Candy said that this was doable.

**ii. Pros:**

Chair Bimonte is in favor of this motion because we have these bylaws for organizations to follow.

Senator Charles is in favor of this as it upholds to our bylaws.

Chair Rice, as Chair of Internal Affairs, is in favor of this motion as it upholds the bylaws.

**iii. Cons:**

Chair Hager believes this is a matter of responsibility. We made a mistake in the past, so we should uphold to that to prevent financial problems in the future.

This error acts as a way of informing campus of what constitutes as a reimbursement.

**iv. Outcome:**

Motion Passed. Request will now be for $390

The Mission of SGA is to improve the quality of undergraduate student life at the University both academically and socially by addressing student needs and concerns, providing financial structure of WPI's student clubs and organizations, and representing the student body in a professional manner.

   - Senator Bradley is in favor of this request with the exception of the drumsticks, as they do not need so many of them.
     1. Chair Bimonte and senator Nieves clarified that the drumsticks break easily and that they do need many replacements.

3. **Outcome:**
   - **Funding Request Passed for $390**
