6:00 p.m. – February 18th, 2020

I. Call to Order
II. Approval of the Minutes
III. Public Comments
   a. Michelle O’Connell, marketing manager of Chartwells, came to Senate to speak about the dining services in relation to social media outreach. Chartwells uses an app called Dine on Campus to relate what is happening on campus in terms of Chartwell’s dining services to students. However, not many students are aware of this app, so O’Connell asked senators what she can do to increase both the awareness and usage of it. The responses were as follows: During NSO have freshman download the app; The app is sometimes inaccurate in terms of what is being served, so this is something that could be fixed; Have it be more up to date and provide nutrition information on what is being served; and advertise it by placing flyers on the table in the POD. O’Connell also made the point to say that she plans on returning to Senate with the director of dining services, Joe Kraskoukas, to speak about the future of dining on campus. Following this, she asked another question to Senate about how she can best send dining related updates to the undergraduate student body. The responses were as follows: sending text messages to students (to this O’Connell responded that the before mentioned app will send push notifications, utilizing geolocation); Is there a website with dining hours? (question posed by a senator to which O’Connell responded that yes there is a website, which contains all dining related information that is essentially summarized on the app); sending the website’s URL to students. O’Connell followed with another question about the guidelines to get emails across to the undergraduate student body. Interim President Tocci responded saying that he can double check these guidelines and get back to her on the subject. Staying on theme, O’Connell asked what is the best way to share the upcoming change in hours for Morgan Hall if she is unable to send out an email to all undergraduates. The response is as follows: Since most students who dine at Morgan are under WPI residential services, it could be best to use the student resident email alias. Overall comments from senators towards the end of the presentation were to utilize the digital displays better by slowing down the transitions and/or putting less content on each slide, and to remove dining hour changes from past years from their website since they are irrelevant to the present and near future dining hall changes. O’Connell’s final remark was that if anyone has any questions, comments, and/or suggestions for her, that her office is downstairs in the CC next to the Chairman’s Room.

   a. Interim President Tocci appointed Rimsha Kayastha as a Senator at 6:19 p.m..

XII. Old Business

XIII. New Business

a. **S.2 Bylaw Revisions:** Chair Rosenthal presented the proposed bylaw revisions under the Financials Cluster, specifically Titles 7-9. The first change, in summary, clarifies the period of time where provisional clubs (clubs recently approved by the SOC) have to reclassify (previously between 12 and 18 months and now proposed to be between 12 and 36 months). The next change, in summary, clarifies that the cost of trips, conferences, and competitions that is covered by SGA (total official transportation cost and up to 66% of the remaining event cost) also applies to the club’s advisor if the advisor is required for the event. The final change, in summary, clarifies that if an executive veto is made against the Financial Board’s decision(s), the request(s) will be forwarded to either the Senate if the request is a Funding Request or Reallocation Request, or the Executive Board if the request is a Reclassification Request.

i. Chair Guerrero made a motion to approve these changes.

1. Chair Guerrero asked for further clarification on the proposed revision regarding the executive veto.

2. Chair Moreira asked if these proposed changes are simply clarifications of what the Financial Board already does, or if they are new. Treasurer Nunez responded that the first two changes are clarifications to what the Financial Board already does, and that the third change is in response to a situation that arose that had never previously arisen in the past.

3. Chair Rosenthal made a motion to propose amendments to these revisions based off a meeting himself and Interim President Tocci had with Advisor Sharry to match the SAO policies. These more specific changes are as follows: To create a 7th class called non-funded. This applies to provisional clubs that have not applied to reclassify within the provided time constraints. All these clubs can still reclassify, the only differences between Class 6 and Class 7 clubs is that Class 7 clubs are ineligible for Funding Requests.

   - Senator Shah asked how an inactive club could provide a treasurer to state that said treasurer’s club is inactive. It was clarified that, in this case, treasurer referred to the treasurer of SGA.

   - Vice President Serven asked if Class 7 is more so their status of a club according to SOC make them ineligible for Funding Requests. Chair Rosenthal stated that the purpose of this is to separate our class definition system from what they deem as inactive because that is not applicable to us. This is a holding period if they had not reclassified on our end.
The Mission of SGA is to improve the quality of undergraduate student life at the University both academically and socially by addressing student needs and concerns, providing financial structure of WPI’s student clubs and organizations, and representing the student body in a professional manner.

- Senator Ripa asked for clarification on the recategorization process.
- Chair Puhalski is for these changes because they are generally aligned with what we do currently, and these changes make sense with fellow organizations on campus.
- Senator to Rhodes made a motion to table these changes.
- **Outcome: Motion Passed**

b. **S.3 Financials 101 Document Revisions**: Chair Rosenthal presented these proposed revisions. He explained how these revisions are essentially the same as what was in the bylaws; it just clarifies that the 66% cost coverage (mentioned above) applies to advisors. Additionally, clubs are allowed to request stickers, drawing from promotional funds, and if it’s a larger event, it is not limited by promotional funds.

i. Senator Wilde made a motion to approve these changes.
   1. Senator Rhodes agrees with these changes. He believes that they make sense in accordance with what was previously discussed.
   2. Chair Rosenthal made a motion to make the appropriate changes in accordance with the meeting with Advisor Sharry and Interim President Tocci and to match the bylaw changes.

   - Senator Shah asked why are we approving stickers. Chair Rosenthal explained how it was previously thought that facilities did not want us to approve stickers; however, this was a false misconception.
   - Senator Grady supports these changes; They seem reasonable.
   - Chair Gammal made a motion to table these changes.

   - **Outcome: Motion Passed**
