

A Special Thanks to Little Paradise

On behalf of the students of Worcester Polytechnic Institute we would like to extend a sincere thank you to everyone who helped make this Little Paradise a reality. It has been an unbelievable experience assisting and learning from a wide variety of partners and individuals! We will value our time here in Flamingo Crescent forever!

This crèche could not have been possible without the efforts of the Centre for Early Childhood Development, the Community Organisation Resource Centre, the Informal Settlement Network, and of course the Flamingo Community including the construction workers, the steering committee and everyone who advocated for and supported the installment of the crèche!

THANK YOU!!

WPI
