

Greetings from Paul Smith's College!

The college search and decision process is an exciting time in your life. Current conditions have changed how you will go through this process but Paul Smith's College is dedicated to making sure that the process is no less exciting and engaging as it would be if you could visit our campus.

We are well known for experiential learning. You can find our students on the lake, in the trees, in the lab, and working around the globe. We are confident that next fall, you will be doing the same, but until then...experience PSC virtually!

Here are just a few ways to connect with us but stay tuned because we will be adding to these regularly.

- Take our [virtual campus tour](#)
- Sign up to video chat with your [admissions counselor](#)
- [Chat](#) live with a student ambassador or read one of their blog posts
- Attend our [live events](#) on social media
- Video chat with a faculty member and/or coach

Smitty's are broadly recognized for their enterprising spirit and we know as a #futuresmitty, you are too!

Together, we will forge ahead and stay excited about your future at Paul Smith's College. You have a knowledgeable admissions team, faculty, coaches, and support staff committed to your success.

Best,

The Admissions & Financial Aid Team
