Accident and Health Claims Provisions

Your right to make a claim for any *accident and health* benefits provided by this *plan,* is governed as follows:

Notice You must send us written notice of an *injury* or *sickness* for which a claim is being made within 20 days of the date the *injury* occurs or the *sickness* starts. This notice should include your name and *plan* number. If the claim is being made for one of your *covered dependents,* his or her name should also be noted.

Proof of Loss We'll furnish you with forms for filing proof of loss within 15 days of receipt of notice. But if we don't furnish the forms on time, we'll accept a written description and adequate documentation of the *injury* or *sickness* that is the basis of the claim as proof of loss. You must detail the nature and extent of the loss for which the claim is being made.

If this plan provides weekly loss-of-time insurance, you must send us written proof of loss within 90 days of the end of each period for which we're liable. If this plan provides long term disability income insurance, you must send us written proof of loss within 90 days of the date we request it. For any other loss, you must send us written proof within 120 days of the loss.

Late Notice of Proof We won't void or reduce your claim if you can't send us notice and proof of loss within the required time. But you must send us notice and proof as soon as reasonably possible.

Payment of Benefits We'll pay benefits for loss of income once every 30 days for as long as we're liable, provided you submit periodic written proof of loss as stated above. We'll pay all other *accident and health* benefits to which you're entitled as soon as we receive written proof of loss.

We pay all *accident and health* benefits to you, if you're living. If you're not living, we have the right to pay all *accident and health* benefits, except dismemberment benefits, to one of the following: (a) your estate; (b) your spouse; (c) your parents; (d) your children; (e) your brothers and sisters; and (f) any unpaid provider of health care services. See "Your Accidental Death and Dismemberment Benefits" for how dismemberment benefits are paid.

When you file proof of loss, you may direct us, in writing, to pay health care benefits to the recognized provider of health care who provided the covered service for which benefits became payable. We may honor such direction at our option. But we can't tell you that a particular provider must provide such care. And you may not assign your right to take legal action under this *plan* to such provider.

Limitations of Actions

You can't bring a legal action against this *plan* until 60 days from the date you file proof of loss. And you can't bring legal action against this *plan* after three years from the date you file proof of loss.

An Important Notice About Continuation Rights

The following "Federal Continuation Rights" section may not apply to the employer's plan. The employee must contact his employer to find out if: (a) the employer is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to the employee.

CGP-3-R-NCC-87 B240.0064

YOUR CONTINUATION RIGHTS

Federal Continuation Rights

Important Notice

This notice contains important information about the right to continue group dental coverage. In addition to the continuation rights described below, other health coverage alternatives may be available through states' Health Insurance Marketplaces. Please read the information contained in this notice very carefully.

This section applies only to any dental, out-of-network point-of-service medical, medical expense, prescription drug or vision coverages which are part of this plan. In this section, these coverages are referred to as "group health benefits."

This section does not apply to any coverages which apply to loss of life, or to loss of income due to disability. These coverages can not be continued under this section.

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) an active, covered employee; (b) the spouse of an active covered employee; or (c) the dependent child of an active, covered employee. A child born to, or adopted by, the covered employee during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

Conversion

Continuing the group health benefits does not stop a qualified continuee from converting some of these benefits when continuation ends. But, conversion will be based on any applicable conversion privilege provisions of this plan in force at the time the continuation ends.

If Your Group Health Benefits End

If your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

Extra Continuation for Disabled Qualified Continuees

If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, a qualified continuee must give your employer written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your employer within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

An additional 50% of the total premium charge also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

If You Die While Insured

If you die while insured, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

All Options

If Your Marriage Ends

If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".

If a Dependent Child Loses Eligibility

If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".

Concurrent Continuations

If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

Special Medicare Rule

If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

The Qualified Continuee's Responsibilities

A person eligible for continuation under this section must notify your employer, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of an insured dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice.

Notice of a disability determinaton must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

All Options

Your Employer's Responsibilities

A qualified continuee must be notified, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the premium he or she must pay to continue such benefits; and (c) the times and manner in which such payments must be made.

Your employer must give notice of the following qualifying events to the plan administrator within 30 days of the event: (a) your death; (b) termination of employment (other than for gross misconduct) or reduction in hours of employment; (c) Medicare entitlement; or (d) if you are a retired employee, a bankruptcy proceeding under Title 11 of the United States Code with respect to the employer. Upon receipt of notice of a qualifying event from your employer or from a qualified continuee, the plan administrator must notify a qualified continuee of the right to continue this plan's group health benefits no later than 14 days after receipt of notice.

If your employer is also the plan administrator, in the case of a qualifying event for which an employer must give notice to a plan administrator, your employer must provide notice to a qualified continuee of the right to continue this plan's group health benefits within 44 days of the qualifying event.

If your employer determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your employer must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

Your Employer's Liability

Your employer will be liable for the qualified continuee's continued group health benefits to the same extent as, and in place of, us, if: (a) he or she fails to remit a qualified continuee's timely premium payment to us on time, thereby causing the qualified continuee's continued group health benefits to end; or (b) he or she fails to notify the qualified continuee of his or her continuation rights, as described above.

Election of Continuation

To continue his or her group health benefits, the qualified continuee must give your employer written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your employer as described above; or (b) the date coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to your employer, by the qualified continuee, in advance, at the times and in the manner specified by your employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group health benefits had the qualified continuee stayed insured under the group plan on a regular basis. It includes any amount that would have been paid by your employer. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total premium charge may also be required by your employer.

If the qualified continuee fails to give your employer notice of his or her intent to continue, or fails to pay any required premiums in a timely manner, he or she waives his or her continuation rights.

Grace in Payment of Premiums

A qualified continuee's premium payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid; unless your employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your employer.

When Continuation Ends

A qualified continuee's continued group health benefits end on the first of the following:

(1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;

(2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;

(3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of an insured dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;

(4) the date the employer ceases to provide any group health plan to any employee;

(5) the end of the period for which the last premium payment is made;

(6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or

(7) the date, after the date of election, he or she becomes entitled to Medicare.

Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan.*

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your employer for details about this continuation provision including required premium payments.

Employee Coverage

Eligible Employees

To be eligible for *employee* coverage you must be an active *full-time employee.* And you must belong to a class of *employees* covered by this *plan.*

If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, we consider you to be a late entrant.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan,* and you now elect to enroll in the dental coverage under this *plan,* the Penalty for Late Entrants provision will not apply to you with regard to dental coverage provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan;* (c) divorce; (d) death of your spouse; or (e) termination of the other *plan.*

When Your Coverage Starts

Employee benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

When Your Coverage Ends

Your coverage ends on the last day of the month in which your active *full-time* service ends for any reason, other than disability. Such reasons include retirement, layoff, leave of absence and the end of employment.

Your coverage ends on the date you die.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan,* or when this *plan* ends for all *employees.* And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

Important Notice

This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

If Your Group Coverage Would End

Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends

Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.

Handicapped Children

You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan,* such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

When Dependent Coverage Starts

In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this *plan,* the date your dependent coverage starts depends on when you elect to enroll your *initial dependents* and agree to make any required payments.

If you do this on or before your *eligibility date,* the dependent's coverage is scheduled to start on the later of the first of the month which coincides with or next follows your *eligibility date* and the date you become insured for employee coverage.

If you do this within the *enrollment period,* the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the *enrollment period* ends, each of your *initial dependents* is a late entrant and is subject to any applicable late entrant penalties. The dependent's coverage is scheduled to start on the first of the month which coincides with or next follows the date you sign the enrollment form.

Once you have dependent coverage for your *initial dependents,* you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the *newly acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the *newly acquired dependent,* when enrolled, is a late entrant and is subject to any applicable late entrant penalties. The late entrant's coverage is scheduled to start on the date you sign the enrollment form.

We also cover your adopted child for dependent benefits from the moment of birth if you take physical custody of the child upon such child's release from the hospital and you file a petition for adoption within 30 days of the child's birth.

We do this only if: (a) you are already covered for dependent child coverage when the child is born, adopted or placed for adoption; or (b) you enroll the child and agree to make any required premium payments within 31 days of the date the child is born, adopted or placed for adoption. If you fail to do this, once the child is enrolled, the child is a late entrant, is subject to any applicable late entrant penalties, and will be covered as of the date you sign the enrollment form.

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends. But if you die while insured, we'll automatically continue dependent benefits for those of your dependents who were insured when you died. We'll do this for six months at no cost, provided: (a) the group *plan* remains in force; (b) the dependents remain *eligible dependents;* and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his or her dependent benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan,* if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent.* This happens to a child on the last day of the month in which the child attains this *plan's* age limit, when he or she marries, when a child covered as a student is no longer an active *full-time* student, or when a step-child is no longer dependent on you for support and maintenance. It happens to a spouse on the last day of the month in which a marriage ends in legal divorce or annulment. But, if a child who is enrolled as a *full-time* student must take a medical leave of absence from school due to sickness, his or her coverage may be continued. Such coverage may be continued for up to one year from the last day the child attended school, but not beyond the date coverage would otherwise end under this *plan* if he or she did not take the medical leave of absence; provided: (a) we receive a *doctor's* certification of the sickness which requires the leave of absence; (b) the group *plan* remains in force; and (c) all required premiums for the child's coverage continue to be paid.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

CERTIFICATE AMENDMENT

This rider amends the "Dependent Coverage" provisions as follows:

An employee's domestic partner will be eligible for dental coverage under this plan. Coverage will be provided subject to all the terms of this plan and to the following limitations:

To qualify for such coverage, both the employee and his or her domestic partner must:

- be 18 years of age or older;
- be unmarried, constitute each other's sole domestic partner and not have had another domestic partner in the last 12 months;
- share the same permanent address for at least 12 consecutive months and intend to do so indefinitely;
- share joint financial responsibility for basic living expenses including food, shelter and medical expenses;
- not be related by blood to a degree that would prohibit marriage in the employee's state of residence; and
- be financially interdependent which must be demonstrated by at least four of the following:

  a. ownership of a joint bank account;

  b. ownership of a joint credit account;

  c. evidence of a joint mortgage or lease;

  d. evidence of joint obligation on a loan;

  e. joint ownership of a residence;

  f. evidence of common household expenses such as utilities or telephone;

  g. execution of wills naming each other as executor and/or beneficiary;

  h. granting each other durable powers of attorney;

  i. granting each other health care powers of attorney;

  j. designation of each other as beneficiary under a retirement benefit account; or

  k. evidence of other joint financial responsibility.

The employee must complete a "Declaration of Domestic Partnership" attesting to the relationship.

The domestic partner's dependent children will be eligible for coverage under this plan on the same basis as if the children were the employee's dependent children.

Coverage for the domestic partner and his or her dependent children ends when the domestic partner no longer meets the qualifications of a domestic partner as indicated above. Upon termination of a domestic partnership, a "Statement of Termination" must be completed and filed with the employer. Once the employee submits a "Statement of Termination," he or she may not enroll another domestic partner for a period of 12 months from the date of the previous termination.

And, the domestic partner and his or her children will be not eligible for:

a. survivor benefits upon the employee's death as explained under the "When Dependent Coverage Ends" section; or

b. continuation of dental coverage as explained under the "Federal Continuation Rights" section and under any other continuation rights section of this plan, unless the employee is also eligible for and elects continuation.

This rider is a part of this plan. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this plan.

DENTAL EXPENSE INSURANCE

This insurance will pay many of a *covered person's* dental expenses. *We* pay benefits for covered charges incurred by a *covered person.* What *we* pay and terms for payment are explained below.

CGP-3-DG2000 B498.0007

All Options

Covered Charges

Covered charges are reasonable and customary charges for the dental services named in this *plan's* List of Covered Dental Services. To be covered by this *plan,* a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

By reasonable, *we* mean the charge is the *dentist's* usual charge for the service furnished. By customary, *we* mean the charge made for the given dental condition isn't more than the usual charge made by most other *dentists.* But, in no event will the covered charge be greater than the 90th percentile of the prevailing fee data for a particular service in a geographic area.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan,* these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan.* A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, *we'll* only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

External Appeal

Right To An External Appeal

As shown below, the covered person has a right to an external appeal of a denial of coverage. If we denied coverage on the basis that the service is not medically necessary or is an experimental or investigational treatment, the covered person or his or her representative may appeal that decision to an External Appeal Agent. "An External Appeal Agent" means an independent entity certified by the State to conduct such appeals.

Right To Appeal A Determination That A Service Is Not Medically Necessary

If coverage has been denied on the basis that the service is not medically necessary, the covered person may appeal to an External Appeal Agent if he or she satisfies both of the following:

- The service, procedure or treatment must be covered by this plan; and
- The covered person must have received a final adverse determination through this plan's internal appeal process, and Guardian must have upheld the denial; or the covered person and Guardian must agree in writing to waive any internal appeal.

Right To Appeal A Determination That A Service Is Experimental Or Investigational

If coverage has been denied on the basis that the service is experimental or investigational, he or she must satisfy both of the following:

- The service must be covered by this plan; and
- The covered person must have received a final adverse determination through this plan's internal appeal process and Guardian must have upheld the denial; or the covered person and Guardian must agree in writing to waive any internal appeal.

The External Appeal Process

If, through this plan's internal appeal process, the covered person received a final adverse determination that upholds a denial of coverage on the basis that the service is not medically necessary or is experimental or investigational treatment, he or she has 45 days from receipt of such notice to file a written request for an external appeal. If the covered person and Guardian have agreed in writing to waive any internal appeal, he or she has 45 days from receipt of such waiver to file a written request for an external appeal. An external appeal application will be provided with the final adverse determination, or with the written waiver of an internal appeal.

The covered person may also request an external appeal application from New York State at 1-800-400-8882. He or she must complete the application and submit it to the State Department of Insurance at the address shown on the application. If the covered person meets the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

The covered person will be able to submit added documentation with his or her request. If the External Appeal Agent decides that the information the covered person submits shows a material change from the information on which we based our denial, the External Appeal Agent will share this information with us so that we can exercise our right to reconsider our decision. If we choose to do so, we have three business days to amend or confirm our decision. Please note that in the case of an expedited appeal, described below, we do not have a right to reconsider our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of the covered person's completed application. The External Appeal Agent may request more information from the covered person, his or her dentist or us. If the External Appeal Agent requests more information, it will have five more business days to make its decision. The External Appeal Agent must notify the covered person in writing of its decision within two business days.

If the covered person's dentist certifies that a delay in providing a service that has been denied poses an imminent or serious threat to the covered person's health, the covered person may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within three days of receipt of the covered person's completed application. Right after reaching a decision, the External Appeal Agent must try to notify the covered person and Guardian of that decision by telephone or fax. The External Appeal Agent must also notify the covered person of its decision in writing.

If the External Appeal Agent overturns the decision that a service is not medically necessary or approves coverage of an experimental or investigational treatment, we will provide coverage subject to all of the other terms and conditions of this plan. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, we will only cover the costs of services required to provide treatment to the covered person in accord with the design of the trial. And we do not pay for:(a) the cost of investigational drugs or devices; (b) the cost of non-dental care services; (c) the cost of managing research; or (d) costs which would not be covered under this plan for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent's decision is binding on both the covered person and Guardian. The External Appeal Agent's decision is admissible in court.

We will charge the covered person a fee of $50.00 for an external appeal. The external appeal application instructs the covered person on how he or she must submit the fee. We will waive the fee if we determine that paying the fee would pose a hardship to the covered person. If the External Appeal Agent overturns the denial of coverage, the fee shall be refunded to the covered person.

The Covered Person's Responsibilities

It is the covered person's RESPONSIBILITY to initiate the external appeal process. The covered person may initiate the external appeal process by filing a completed application with the New York State Department of Insurance. If the requested service has already been provided to the covered person, his or her dentist may file an external appeal application on the covered person's behalf, but only if he or she has consented to this in writing.

Under New York State law, the covered person's completed request for appeal must be filed within 45 days of either the date upon which the covered person receives written notification from us that we have upheld a denial of coverage, or the date on which he or she receives a written waiver of any internal appeal. Guardian has no authority to grant an extension of this deadline.

Covered Services/Exclusions

In general, this plan does not cover experimental or investigational treatments. However, we will cover an experimental or investigational treatment approved by an External Appeal Agent in accordance with all of the other terms and conditions of this plan. If the External Appeal Agent approves coverage of experimental or investigational treatment that is part of a clinical trial, we will only cover the costs of services required to provide treatment to the covered person according to the design of the trial. We shall not be responsible for: (a) the cost of investigational drugs or devices; (b) the cost of non-dental care services;(c) the cost of managing research; or (d) costs which would not be covered under this plan for non-experimental or non-investigational treatments provided in such clinical trial.

Alternate Treatment

If more than one type of service can be used to treat a dental condition, *we* have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us.* For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof of Claim

So that *we* may pay benefits accurately, the *covered person* or his or her *dentist* must provide *us* with information that is acceptable to *us.* This information may, at *our* discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If *we* don't receive the necessary information, *we* may pay no benefits, or minimum benefits. However, if *we* receive the necessary information within 15 months of the date of service, *we* will redetermine the *covered person's* benefits based on the new information. Failure to furnish such proof within such time will not invalidate or reduce any claim if it will be shown not to have been reasonably possible to furnish such proof and that such proof was furnished as soon as was reasonably possible.

Pre-Treatment Review

When the expected cost of a proposed course of treatment is $300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian.* The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us.*

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

Rollover of Benefit Year Payment Limit for Group I, II and III Non-Orthodontic Services

A *covered person* may be eligible for a rollover of a portion of his or her unused *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, as follows:

If a *covered person* submits at least one claim for covered charges during a *benefit year* and, in that *benefit year,* receives benefits that are in excess of any deductible or co-pay fees, and that, in total, do not exceed the *Rollover Threshold,* he or she may be entitled to a Reward.

Note: If all of the benefits that a *covered person* receives in a *benefit year* are for services provided by a *preferred provider,* he or she may be entitled to a greater *Reward* than if any of the benefits are for services of a *non-preferred provider.*

Rewards can accrue and are stored in the *covered person's Bank.* If a *covered person* reaches his or her *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, we pay benefits up to the amount stored in the *covered person's Bank.* The amount of *Reward* stored in the *Bank* may not be greater than the *Bank Maximum.*

A *covered person's Bank* may be eliminated, and the accrued *Reward* lost, if he or she has a break in coverage of any length of time, for any reason.

The amounts of this *plan's Rollover Threshold, Reward,* and *Bank Maximum* are:

- *Rollover Threshold* $500.00
- *Reward* (if all benefits are for services provided by a *preferred provider)* $350.00
- *Reward* (if any benefits are for services provided by a *non-preferred provider)* $250.00
- *Bank Maximum* $1,000.00

If this *plan's* dental coverage first becomes effective in October, November or December, this rollover provision will not apply until January 1 of the first full *benefit year.* And, if the effective date of a *covered person's* dental coverage is in October, November or December, this rollover provision will not apply to the covered person until January 1 of the next full *benefit year.* In either case:

- only claims incurred on or after January 1 will count toward the *Rollover Threshold;* and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

If charges for any dental services are not payable for a *covered person* for a period set forth in the provision of this *plan* called Penalty for Late Entrants, this rollover provision will not apply to the *covered person* until the end of such period. And, if such period ends within the three months prior to the start of this plan's next *benefit year,* this rollover provision will not apply to the *covered person* until the next *benefit year,* and:

- only claims incurred on or after the start of the next *benefit year* will count toward the *Rollover Threshold;* and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

Definitions of terms used in this provision:

"Bank" means the amount of a *covered person's* accrued *Reward* .

"Bank Maximum" means the maximum amount of *Reward* that a *covered person* can store in his or her *Bank.*

"Reward" means the dollar amount which may be added to a *covered person's Bank* when he or she receives benefits in a *benefit year* that do not exceed the *Rollover Threshold.*

"Rollover Threshold" means the maximum amount of benefits that a *covered person* can receive during a *benefit year* and still be entitled to receive a *Reward.*

Other Conditions

You must enroll and agree to make required payments within 31 days of your *eligibility date.* If you fail to do so, you can't enroll until this *plan's* next vision open enrollment period.

This *plan's* vision open enrollment period occurs from December 1st to December 31st of each year.

Once you enroll in this *plan,* you can't drop your vision coverage until this *plan's* next vision open enrollment period. And if you drop your vision coverage, you can't enroll again until the next vision open enrollment period.

If you initially waived vision coverage under this *plan* because you were covered for vision care benefits under another group plan, and you wish to enroll in this *plan* because your coverage under the other plan ends, you may do so without waiting until the next vision open enrollment period. However, your coverage under the other plan must have ended due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan. But you must enroll in this *plan* within 30 days of the date that any of these events occur.

Your coverage under this *plan* is scheduled to start on the effective date shown on the sticker attached to the inside front cover of this booklet. But you must be actively at work on a *full-time* basis on that date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on that date, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, the effective date shown on the sticker is not a regularly scheduled work day. But your coverage will still start on that date if you were actively at work on your last regularly scheduled work day.

Your coverage ends on the date you die.

It also ends on the date you stop being a member of a class of employees eligible for insurance under this plan, or when this plan ends for all *employees.* And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay part of the cost of this *plan* and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Eligible Dependents For Dependent Vision Care Benefits

Your *eligible dependents* are: (a) your legal spouse; (b) your unmarried dependent children who are under age 26; and (c) your unmarried dependent children from age 26 until their 26th birthday, who are enrolled as full-time students at accredited schools.

An unmarried dependent child who is not able to remain enrolled as a full-time student due to a *medically necessary* leave of absence may continue to be an *eligible dependent* until the earlier of: (a) the date that is one year after the first day of the *medically necessary* leave of absence; or (b) the date on which coverage would otherwise end under this *plan.* You must provide written certification by a treating physician which states that the child is suffering from a serious illness or injury and that the leave of absence is *medically necessary.*

Adopted Children And Step-Children

Your "unmarried dependent children" include your dependent legally adopted children and, if they depend on you for most of their support and maintenance, your step-children. We treat a child as legally adopted from the time the child is placed in your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

We exclude any dependent who is insured by this *plan* as an *employee.* And we exclude any dependent who is on active duty in any armed force.

Handicapped Children

You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself. Subject to all of the terms of this section and the *plan,* such a child may stay eligible for dependent vision care benefits past this *plan's* age limit.

The child will stay eligible as long as he stays unmarried and unable to support himself, if: (a) his conditions started before he reached this *plan's* age limit; (b) he became insured by this *plan* before he reached the age limit, and stayed continuously insured until he reached such limit; and (c) he depends on you for most of his support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

When Dependent Coverage Starts

In order for your dependent coverage to begin, you must already be insured for employee coverage, or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this plan , the date your dependent coverage starts depends on when you elect to enroll all of your initial *dependents* and agree to make any required payments.

If you do this on or before your *eligibility date,* date, your dependent coverage is scheduled to start on the later of the date you sign the enrollment form and the date you become covered for employee coverage.

If you do this within 31 days of your *eligibility date,* date, your dependent coverage is scheduled to start on the date you become covered for employee coverage.

If you do this after the enrollment *period* ends, you can't enroll your initial *dependents* until the next vision open enrollment period.

Once you have coverage for your initial *dependents,* you must notify us when you acquire any new dependents, and agree to make any additional payments required for the coverage. If you do this within 31 days of the date the newly *acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent becomes eligible. If you fail to notify us on time, you can't enroll the newly *acquired dependent* until the next vision open enrollment period.

Once a dependent is enrolled for vision care expense insurance, the coverage can't be dropped until the next vision open enrollment period. And once coverage is dropped for a dependent, the dependent can't be enrolled again until the next vision open enrollment period.

Exception

If a dependent, other than a newborn child, is confined to a hospital or other health care facility; or is home-confined; or is unable to carry out the normal activities of someone of like age and sex on the date his dependent benefits would otherwise start, we will postpone the effective date of such benefits until the day after his discharge from such facility; until home confinement ends; or until he resumes the normal activities of someone of like age and sex.

Newborn Children

We cover your newborn child from the moment of birth if you're already insured for dependent vision coverage, and you notify us within 31 days of the child's birth. If you fail to notify us on time, you can't enroll the child until the next vision open enrollment period.

If the newborn child is your first *eligible dependent,* we cover the child from the moment of birth if you enroll for dependent coverage and agree to make any required payments within 31 days of the child's birth. If you fail to enroll on time, you can't enroll the child until the next vision open enrollment period.

If the newborn child is not your first *eligible dependent,* but you did not previously enroll your other *eligible dependents* for vision care expense coverage, you can enroll the child during the next vision open enrollment period, if you also enroll all of your other *eligible dependents* at this time.

When Dependent Coverage Ends

Dependent coverage ends for all of your dependents when your *employee* coverage ends. But if you die while insured, we'll automatically continue dependent vision care benefits for those of your dependents who are insured when you die. We'll do this for six months at no cost, provided: (a) the group *plan* remains in force; (b) the dependents remain *eligible dependents;* and (c) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his dependent vision care benefits under this *plan's* "Federal Continuation Rights" provision, or under any other continuation provision of this *plan,* if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of a surviving dependent will be waived for the first six months of continuation, subject to restrictions (a), (b) and (c) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the "Federal Continuation Rights" or other continuation provisions.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent.* This happens to a child on the last day of the month in which the child attains this *plan's* age limit, when he or she marries, when a child covered as a student is no longer an active full-time student, or when a step-child is no longer dependent on you for support and maintenance. It happens to a spouse on the last day of the month in which a marriage ends in legal divorce or annulment. But, if a child who is enrolled as a full-time student must take a medical leave of absence from school due to sickness, his or her coverage may be continued. Such coverage may be continued for up to one year from the last day the child attended school, but not beyond the date coverage would otherwise end under this *plan* if he or she did not take the medical leave of absence; provided: (a) we receive a *doctor's* certification of the sickness which requires the leave of absence; (b) the group *plan* remains in force; and (c) all required premiums for the child's coverage continue to be paid.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue vision care benefits for a limited time.

CERTIFICATE AMENDMENT

This rider amends the "Dependent Coverage" provisions as follows:

An employee's domestic partner will be eligible for vision care coverage under this plan. Coverage will be provided subject to all the terms of this plan and to the following limitations:

To qualify for such coverage, both the employee and his or her domestic partner must:

- be 18 years of age or older;
- be unmarried, constitute each other's sole domestic partner and not have had another domestic partner in the last 12 months;
- share the same permanent address for at least 12 consecutive months and intend to do so indefinitely;
- share joint financial responsibility for basic living expenses including food, shelter and medical expenses;
- not be related by blood to a degree that would prohibit marriage in the employee's state of residence; and
- be financially interdependent which must be demonstrated by at least four of the following:

  a. ownership of a joint bank account;

  b. ownership of a joint credit account;

  c. evidence of a joint mortgage or lease;

  d. evidence of joint obligation on a loan;

  e. joint ownership of a residence;

  f. evidence of common household expenses such as utilities or telephone;

  g. execution of wills naming each other as executor and/or beneficiary;

  h. granting each other durable powers of attorney;

  i. granting each other health care powers of attorney;

  j. designation of each other as beneficiary under a retirement benefit account; or

  k. evidence of other joint financial responsibility.

The employee must complete a "Declaration of Domestic Partnership" attesting to the relationship.

The domestic partner's dependent children will be eligible for coverage under this plan on the same basis as if the children were the employee's dependent children.

Coverage for the domestic partner and his or her dependent children ends when the domestic partner no longer meets the qualifications of a domestic partner as indicated above. Upon termination of a domestic partnership, a "Statement of Termination" must be completed and filed with the employer. Once the employee submits a "Statement of Termination," he or she may not enroll another domestic partner for a period of 12 months from the date of the previous termination.

And, the domestic partner and his or her children will be not eligible for:

a. survivor benefits upon the employee's death as explained under the "When Dependent Coverage Ends" section; or

b. continuation of vision care coverage as explained under the "Federal Continuation Rights" section and under any other continuation rights section of this plan, unless the employee is also eligible for and elects continuation.

This rider is a part of this plan. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this plan.

This Plan's Vision Care Preferred Provider Organization

Davis Vision: This *plan* is designed to provide a high quality vision care benefit while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek vision care from doctors and vision care facilities that belong to Davis Vision's *Preferred Provider* Network.

This vision care *preferred provider* organization (PPO) is made up of *preferred providers* in a *covered person's* geographic area. A vision care *preferred provider* is a vision care practitioner or a vision care facility that: (a) is a credentialed provider in Davis Vision's network; and (b) has a current participatory agreement in force with Davis Vision.

Use of the vision care PPO is voluntary. A *covered person* may receive vision care from either a *preferred provider* or a *non-preferred provider.* And, he or she is free to change providers at any time. But, this *plan* usually pays more in benefits for covered services furnished by a vision care *preferred provider.* Conversely, it usually pays less for covered services not furnished by a vision care *preferred provider.*

When an *employee* and his or her *dependents* enroll in this *plan,* they will get an enrollment packet which will tell them how to obtain benefits and information about current vision care *preferred providers.*

What we pay is based on all of the terms of this *plan.* The *covered person* should read this material with care and have it available when seeking vision care. Read this *plan* carefully for specific benefit levels, frequencies, *copayments* and payment limits.

The *covered person* can call Davis Vision if he or she has any questions after reading this material.

Choice of Preferred Providers

When a person becomes enrolled in this *plan,* he or she will receive information about Davis Vision *preferred providers* in his or her area. A *covered person* may receive vision services from any current Davis Vision *preferred provider.*

When a *covered person* wants to receive services from a *preferred provider,* he or she must contact the *preferred provider* before receiving treatment. The *preferred provider* will contact Davis Vision to verify the *covered person's* eligibility before any treatment takes place.

It is not necessary to submit a claim for services or supplies from a *preferred provider.*

Non-Preferred Providers

If a *covered person* receives services or supplies from a *non-preferred provider,* he or she must submit a claim form along with the itemized bill to Davis for claims payment. All claims must be sent to Davis within 90 days of the date services are completed or supplies are received. Failure to furnish written proof within 90 days will not invalidate or reduce a claim if it will be shown not to have been reasonably possible to furnish such proof within such time frame, provided such proof was furnished as soon as reasonably possible.

Claims for services or supplies from a *non-preferred provider* must be sent to:

Davis Vision
159 Express Street
Plainnview NY 11803
Attention: Quality Assurance/Patient Advocate Department.

Appeals Process

In the event that a claim is denied, Davis Vision will consult with the provider involved with the *covered person's* vision care treatment. If the issue cannot be resolved, the provider or patient has the right to request a review of the adverse determination. The provider, *covered person* or patient may appeal denied authorizations or claim decisions. Should a *covered person* request a review of an authorization or claim decision, Davis Vision must notify the *covered person,* or his or her designee, within five (5) business days of receipt of the request and the review must be conducted by a clinical peer who was not involved in the original vision care determination. Pre-service review decisions are to be completed within fifteen (15) days and post-service review decisions are to be completed within thirty (30) days, or as required by state statute, from the date that Davis Vision receives notification from the *covered person* or his or her designee and be mailed within five (5) days of the date of decision. Denials can be appealed through Davis Vision's Grievance Resolution Process or as per plan contract. A *covered person* has the right to appeal through an external review organization at any time during the grievance process. A *covered person* has the right to designate a representative, including his or her provider, to act on his or her behalf with regard to review of a vision care claim determination. Use of the Appeals Process does not waive the *covered person's* legal rights.

Grievance Process

Registering a Complaint or Grievance

A *covered person* has the right to file a grievance or make an appeal to any claim decision at any time. The *covered person* has the right to designate a representative to file complaints and appeals on his or her behalf.

A *covered person* is entitled to a copy of the Grievance Resolution process upon request and a copy will be provided to a *covered person* should the determination be made that vision care benefits are not available.

Davis Vision defines a "grievance" as a complaint that may or may not require specific corrective action and is made:

1. via the telephone;
2. in writing to Davis Vision;
3. via the Davis Vision website.

A grievance or complaint can arise from and includes but is not limited to the following:

1. benefit denials.
2. an adverse determination as to whether a service is covered pursuant to the terms of the contract.
3. difficulty accessing or utilizing a benefit, and issues regarding the quality of vision care services.
4. challenges with vision care services or products received.
5. dissatisfaction with the resolution of a complaint/grievance or appeal.

Verbal Grievances and Telephone Communication

A *covered person* may file a verbal grievance by contacting Davis Vision. Registering a grievance by telephone will be considered filing a "formal grievance". A Davis Vision associate will acknowledge receipt of all complaints in writing within five (5) business days from the date the grievance or appeal is received.

A *covered person* has access to the Davis Vision toll free number twenty-four (24) hours a day seven (7) days a week to voice any concern or grievance and also has the right to contact their Human Resources Department or Benefits Administration Department. The Davis Vision Toll Free number is: **1 (800) 584-1487.**

Written Grievances

Written notice of grievances received via e-mail, U.S. Mail or other written correspondence will be acknowledged within five (5) business days. All written correspondence should be addressed to:

Davis Vision
159 Express Street
Plainview, New York 11803
Attention: Quality Assurance/Patient Advocate Department

A *covered person* can register any concern or grievance by logging on to Davis' website: www.davisvision.com and entering the "Contact Davis Vision" area.

Appeal Level 1 Upon receipt of a concern or grievance by a Davis Vision associate, the *covered person* is contacted by telephone, or in writing, within five (5) business days to confirm that the concern or grievance was received and is being investigated. Every attempt is made to contact the *covered person* or his or her designated representative. Contact may include but is not limited to telephone contact, e-mail or U.S. Mail. A designated Davis Vision associate reviews the appeal with the *covered person* and may request additional information. Details of the complaint are documented in the *covered person's* file. The *covered person* is given the Associate's name, phone number, department and the estimated time needed to perform the research. The *covered person* is informed of their right to have a representative, including their provider, present during the review of the concern and final outcome of the investigation. The *covered person* is informed of their right to appeal to an external review organization at any time during the grievance procedure or as required by state statute.

The review committee will include a licensed (peer) health care professional when grievances pertain to clinical decisions. All decisions are reviewed and approved by the Vice President of Professional Affairs, a licensed optometrist.

The investigation may involve contacting the provider or the point of service location to determine the cause of the concern. If necessary, the Regional Quality Assurance Representative (RQAR) or Professional Field Consultant (PFC) will be contacted and a site visit may be scheduled. Davis Vision will contact the *covered person* when further information is required and inform them of the status of the investigation or the need for more information.

CGP-3-DAVIS-05-APP-2 B505.0470

All Options

The determination will be communicated to the *covered person* within fifteen (15) days for pre-service review decisions and within thirty (30) days for post-service review decisions, or as required by state statute. An additional ten (10) days may be requested in order to complete further research. The written decision will be mailed to the *covered person* within five (5) days of the decision. The appeal determination will include the following:

- the decision, and will include a summary of the facts related to the issue,
- the criteria that was used, summary of the evidence, including the documentation supporting the decision,
- a statement indicating that the decision will be final and binding unless the *covered person* appeals in writing to the Quality Assurance/Patient Advocate Department within fifteen (15) business days of the date of the notice of the decision,
- a copy of the appeals process, if applicable, and
- the name, position, phone number, and department of the person(s) responsible for the decision.

The decision of the Quality Assurance/Patient Advocate Department shall be final and binding unless appealed by the *covered person* to Davis Vision within fifteen (15) business days of the date of notice of the decision.

Appeal Level 2 Should Davis Vision uphold a denial, as the result of a Level 1 review, the *covered person* has the right to request a Level 2 appeal.

A Level 2 appeal will not include associate(s) or licensed (peer) health care professional(s) that were involved in the Level 1 review.

A Level 2 appeal requires the *covered person* to contact Davis Vision in writing or by telephone within fifteen (15) days following receipt of the Level 1 summary statement. The *covered person* requesting a Level 2 appeal must indicate the reason they believe the denial of coverage was incorrect. Davis Vision reserves the right to request further information from the *covered person* or provider.

Davis Vision has thirty (30) days, or as required by state statue, from the date the requested information is received, to respond to the Level 2 pre-service review. Davis Vision has thirty (30) days, or as required by state statute, from the date the requested information is received, to respond to the Level 2 post-service review. The Vice President of Professional Affairs will review all clinical appeals. A Davis Vision Associate(s) and a Regional Quality Assurance Representative(s) (RQAR), a licensed optometrist, not involved in the initial determination will review the Level 1 decision. If the Level 2 appeal upholds the Level 1 determination the *covered person* will be notified in writing of this decision. Notification will include, but not be limited to:

- the decision, and contain a summary stating the nature of the concern and the facts related to the issue,
- the criteria that was used, summary of the evidence, including documentation that was used to support the decision,
- a statement indicating that the decision will be final and binding unless the *covered person* appeals in writing or by telephone to the Quality Assurance/Patient Advocacy Department within forty-five (45) days of the date of the notice of the Level 2 decision,
- a copy of the appeals process, if applicable, and
- the name, position, phone number, and department of person(s) responsible for the decision.

External Grievance Procedure

External Review A *covered person,* as required by state statute, has the right to request an impartial review of concerns that resulted in a denial of coverage. A *covered person* who has exhausted the internal appeals process may appeal the final decision if the denial for services was not deemed medically necessary or the requested service was deemed Investigational or Experimental.

An external review organization will refer the case for review by a neutral, independent practitioner experienced in vision care. Davis Vision will provide all requested documentation to the external review organization. The external review organizations will have up to thirty (30) days, or as required by state statute, to make their determination.

External Review Process

A *covered person* has the right to an external review of a denial of coverage. A *covered person* has the right to an external review of a final adverse decision under the following circumstances:

- the *covered person* has been denied a vision care service, which should have been covered under the terms of the contract.
- services were denied on the basis that requested services were not medically necessary.
- a treatment or service that will have a significant positive impact on the *covered person* has been denied and any alternative service or treatment will not affect the *Covered person's* ocular health and/or produce a negative outcome.
- services denied are related to a current illness or injury.
- the cost of the requested services will not exceed that of any equally effective treatment.
- the denied service, procedure or treatment is a covered benefit under the *Covered person's* policy.
- the *covered person* has exhausted all internal appeal processes with an adverse determination upheld at each level.

Investigational or Experimental Treatment means an approved ocular diagnostic procedure warranted by the ocular health of the *covered person* and the subsequent diagnostic findings could alter the *covered person's* treatment plan. The risk of a negative outcome utilizing the approved treatment would be no greater than utilizing an alternative treatment.

The vision care provider may contact the appropriate State Agency to determine if other documentation may be required for the appeal process.

Once the determination is made, notification is made, in writing, within two (2) business days. This notification will include an explanation and the clinical criteria used in the decision.

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Alternate Treatment provision is changed to read as follow when titanium or high noble metal (gold) is used in a *dental prosthesis.*

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by us. For example, in the case of bilateral multiple adjacent missing teeth, or multiple missing teeth in both quadrants of an arch the benefit will be based on a removable partial denture. In the case of titanium or high noble metal (gold) used in a *dental prosthesis,* the benefit will be based on the noble metal benefit. In the case of a composite filling on a posterior tooth, the benefit will be based on the corresponding covered amalgam filling benefit.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

COORDINATION OF BENEFITS

Important Notice This section applies to all group health benefits under this plan; except prescription drug and vision coverage, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is **not** an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans.

Claim This term means a request that benefits of a plan be provided or paid.

Claim Determination Period This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.

Coordination Of Benefits This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.

Custodial Parent This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

Plan This term means any of the following that provides benefits or services for health care or treatment: (1) group insurance and group or group remittance subscriber contracts; (2) uninsured arrangements of group coverage; (3) group coverage through health maintenance organizations (HMOs) and other prepayment, group practice, and individual practice plans; (4) blanket contracts, except as shown below; (5) medical benefits under group or individual mandatory automobile "no-fault" and traditional mandatory automobile "fault" type contracts; and (6) governmental benefits, except Medicare, as permitted by law.

This term does not include individual or family: (a) insurance contracts; (b) direct payment subscriber contracts; (c) coverage through HMOs; or (d) coverage under other prepayment, group practice, and individual practice plans. This term also does not include: (i) blanket school accident type coverage or such coverages issued to a substantially similar group; or (ii) Medicare, Medicaid, and coverage under other governmental plans, unless permitted by law.

This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.

Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

Primary Plan This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group health benefits, except prescription drug and vision coverage, if any, provided under this group plan.

All Options

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the following rules that applies is the rule to use.

Non-Dependent Or Dependent

The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

Child Covered Under More Than One Plan

The order of benefit determination when a child is covered by more than one plan is:

(1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.

(2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.

(3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; and (c) the plan of the noncustodial parent.

Active Or Inactive Employee

The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage

The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage If none of the above rules determines the order of benefits, the benefits of the plan which covered the person longer are determined before those of the plan which covered the person for the shorter time. To determine the length of time a person has been covered under a plan, two plans will be treated as one if the person was eligible under the second plan within 24 hours after the first plan ended. Therefore, the start of a new plan does not include: i) a change in the amount or scope of a plan's benefits; ii) a change in the entity which pays, provides or administers the plan's benefits; or iii) a change from one type of plan to another. The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If the date is not readily available, the date the person first became a member of the group shall be used to determine the length of time the person's coverage under the present plan has been in force.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

All Options

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. When the benefits of this plan are reduced, each benefit is reduced in proportion. It is then charged against the applicable benefit limit of this plan.

In the event a claim is sent to this plan before submission to the primary health insurer this plan will deny the claim and provide the health care provider with the identity of the primary health insurer or if the primary health insurer is not known, whatever information was used to make the determination that this plan is secondary. If this information is not sufficient to determine the identity of the primary insurer the health care provider will have 60 days from the notice that other coverage may exist to make a reasonable effort to confirm such coverage exists. If, after this timeframe, the health care provider is unable to confirm other health care coverage, this plan will determine benefits as if it where primary provided that the health care provider resubmits the claim within 30 days with documentation that other coverage could not be confirmed despite reasonable efforts to do so.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

Right Of Recovery

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

If this plan determined benefits as if it were primary and subsequently receives information that other coverage exists and that this plan is secondary, this plan will delay any action to recover the payment for 120 days from the date the health care provider is notified that other coverage exists. This plan will provide the health care provider with the identity of the primary health insurer or if the primary health insurer is not known, whatever information was used to make the determination that this plan is secondary. If this information is not sufficient to determine the identity of the primary insurer the health care provider will have 60 days from the notice that other coverage may exist to make a reasonable effort to confirm such coverage exists. If, after this timeframe, the health care provider is unable to confirm other health care coverage, this plan will cease recovery efforts provided that the health care provider submits documentation within 30 days that other coverage could not be confirmed despite reasonable efforts to do so.

CERTIFICATE AMENDMENT

This plan is amended so that if a covered person is injured because of a third party's wrongful act or negligence:

- we will pay medical, dental or loss of earnings benefits for the injury, to the extent otherwise covered by this plan, if the covered person: (a) agrees in writing to The Guardian being subrogated to any recovery or right of recovery the covered person has against that third party; (b) does not take any action which would prejudice our subrogation rights; and (c) cooperates in doing what is reasonably necessary to assist us in any recovery;
- we will be subrogated only to the extent of benefits paid by this plan because of that injury; and
- we will be subrogated only when the amounts (or portion) received by the covered person through a third party settlement or satisfied judgment is specifically identified as amounts paid as benefits under this plan.

As used in this rider:

"Subrogation" means our right to recover any benefit payments made under this plan:

- because of an injury to a covered person caused by a third party's wrongful act or negligence; and
- which the covered person later recovers from the third party or the third party's insurer.

"Third Party" means any person or organization other than The Guardian, the employer or the covered person.

Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this certificate.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

(a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

(b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

(c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental, out-of-network point-of-service medical, major medical, vision care or prescription drug coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and

- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
